

FAQ

Are there any age restrictions for kids?

Yes! To be on the field during KICK play time, your child must be 5-12 years old. This helps us ensure that there is fair play and less risk of injury.

Can I bring decorations in for my kids party?

Absolutely. The only items not permitted at the venue are balloons. Just keep in mind that your time in the party zone is limited and located outdoors.

Can we bring in our own food?

Yes. Although a self catering fee of \$50 applies.

Can parents play?

For kids parties we prefer to have parents off the field for the safety of the children attending the party. If you would like to hire a pitch for a family game - you are able to do so through our website.

Is there a dress code?

We recommend that all kids attending the party wear enclosed shoes to prevent any injury. Otherwise they can wear what they feel comfortable in! Just remember that they will be running around a lot and may get hot.
